

# Student Video Competition: *Career Journeys*

Students in grades 6-12 are invited to enter the Consortium's Student Video Competition. Each applicant selected will have the opportunity to record an interview with a professional they admire and have it included in our [Career Journeys](#) video library.

Students selected will conduct and record an interview, which will then be edited and featured as part of a library of online resources available to thousands of fellow students!

Recordings can also be used:

- On the student's resume
- As part of a job application
- As an artifact for the *Future Readiness* portfolio for school

Entry guidelines and requirements, as well as information about the selection process, are outlined on page 2 of this document.

## Selection Process

Consortium staff will review all entries and choose the winners based on three selection criteria:

- *Professional Presence*: (e.g., no holes in clothing, no slouching, and speaking clearly and loudly enough to be heard and understood)

Students who are selected to record an interview will be notified by October 31, 2020, and then will then have until November 21 to submit their recorded interview for editing.
